

Job Description for Professional Posts

Reference:TC2024/07

Position and Grade:	Associate Project Officer (TC), P2
Organizational Unit:	Division for Europe
Duty Station:	Vienna
Type/Duration of Appointment:	FT – JPO, 1 year

Organizational Setting

The Department of Technical Cooperation (TC) consists of the Office of the Deputy Director General, four regional Divisions (Africa, Asia and the Pacific, Europe and Latin America and the Caribbean), the Division of Programme Support and Coordination and the Division of the Programme of Action for Cancer Therapy (PACT). It provides strategic direction for the IAEA's technical cooperation programme, and is responsible (in close collaboration with Member States) for the planning, formulation, implementation and monitoring of the programme.

The Division for Europe is responsible for planning, programming, implementing and monitoring the IAEA's technical cooperation programme in the Europe and Central Asia region, in line with the IAEA Statute, and the guiding principles and policies on technical cooperation, and operational guidelines. The Division responds to developmental priorities in Member States through effective programme management, increased Member State engagement, partnership building and improved coordination in the region.

Main Purpose

Under the supervision and guidance of a Section Head, the Associate Project Officer (TC) Cancer Activities contributes to the management, implementation, monitoring and reporting of the assigned technical cooperation projects related to increasing access to cancer diagnosis and treatment.

Role

The Associate Project Officer (TC) Cancer Activities is (i) a project coordinator , reviewing, and maintaining detailed schedules of project activities, developing and maintaining project tracking tools for resource allocation and status of activities and contributing to the preparation of project reports, consisting of summaries of number of activities performed during the course of the programme; (ii) an analyst evaluating, extracting, consolidating data from documentation available in-house and obtained from Member States for the purpose of reporting; and (iii) a presenter of performance and results.

Partnerships

The Associate Project Officer (TC) Cancer Activities consults with and provides support related to project management, including the financial and implementation aspects, for members of the project team, ensures that project reports include appropriate and accurate detail, and ensures completion of activities according to work plans. She/he also exchanges information with members of the project team to ensure compliance with regard to the required timely implementation of the programme, adequate quality of reporting reflecting with accuracy all activities performed throughout the project life cycle.

The Associate Project Officer (TC) Cancer Activities also works in close cooperation with relevant Technical Division and Offices, such as the DDG-TC offices, the Office of Public Information and Communication, and the Director General's Office for Coordination.

Functions / Key Results Expected

- Liaise with Managers, Technical Officers, Counterparts and Partners to collect and report information. Analyse problems arising in the course of project implementation and recommend solutions for issues identified.
- Prepare narrative progress reports and status reports on the allocation and use of resources.
- Evaluate project results against performance indicators, derive the lessons learnt and contribute to the preparation of project reports.
- Participate in working groups/one to one meeting with other organizational groups in the IAEA on issues related to project implementation.
- Liaise with the TC Communication Team on project communication issues.
