- All selected candidates will undergo rigorous reference and background checks
- All applications will be treated with the strictest confidentiality
- FAO staff are subject to the authority of the Director-General, who may assign them to any of the activities or offices of the Organization.

The Food and Agriculture Organization of the United Nations (FAO) contributes to the achievement of the 2030 Agenda through the FAO Strategic Framework by supporting the transformation to MORE efficient, inclusive, resilient and sustainable agrifood systems, for better production, better nutrition, a better environment, and a better life, leaving no one behind.

Organizational Setting

The main aim of the FAO country offices, which are headed by an FAO Representative, is to assist the government to develop policies, programmes and projects, to achieve food security and to reduce hunger and malnutrition, to develop the agricultural, fisheries and forestry sectors and to use their environmental and natural resources in a sustainable manner. FAO works in Viet Nam since 1978. The current Country Programming Framework (CPF) of 2022 – 2026 cycle has four priorities: (i) One-Health, (ii) Climate change response, environment and natural resources management, (iii) Food safety, sustainable production and consumption and equitable livelihoods for all, and (iv) Good governance, gender and people with disability. The position directly contributes to the second priority of the CPF.

The post is located in the FAO Representation in Hanoi, Viet Nam.

Reporting Lines

The Junior Professional Officer (Environment and Natural Resources Management) reports to the Assistant FAO Representative (Programme) and works under the overall supervision from the FAO Representative in Viet Nam.
